Registration for Credit Courses
Students should check MyUH or the printed Schedule of Classes each semester for specific registration dates and procedures. The College provides students closest to graduation the highest registration priority.

Concurrent Registration
MCC students may enroll in eClasses or other classes offered by the UH Community Colleges for which they have met the prerequisite. “Concurrent registration” is enabled online through MyUH, or by contacting Admission & Records, or an outreach coordinator at Molokai, Lana’i, Hana, or West Maui.

Students may view at MyUH the online Schedule of Classes from the UH campuses. An e-Learn website providing information on eClasses and multi-campus distance delivery from the UH Community Colleges is available at www.hawaii.edu/uhcc.e-learn

Attendance and No-Shows
Students are expected to be in attendance on the first day of class. Instructors may drop students who are “no shows” on the first day, and add students who are not enrolled and show up the first day of class.

Students dropped from class rosters will receive a refund if the drop is requested within the refund period.

A student who does not attend class and who does not officially withdraw from the class may receive the grade of F in that class.

English and Math Placement
English and math placement tests, along with academic advising, ensure that students’ course selections match their skill levels. COMPASS, a computerized, self-paced test, takes approximately two hours to complete. There is no fee for the initial COMPASS placement test. Results are valid for two years.

Effective Fall 2007, ACT and SAT scores may be applied for placement into ENG 100 and for courses requiring placement at ENG 100. The applicable cutoff score is the one used by UH Manoa to place students in ENG 100.

Students wishing to enroll in an English or mathematics course, or a course requiring a specific English or math placement as a prerequisite, may take the COMPASS placement test at The Learning Center (TLC) during scheduled hours. Study materials are also available in TLC. Students should bring a photo ID and know their social security number.

Applications for University approved and sponsored health plans are available at the Student Life and Student Services offices. Student Services also has a referral program for those in need of medical attention.

For information, call 984-3434.

Early Admission Program
Early Admit students may take any MCC course for which the prerequisite is met. Specific courses taken depend upon the students’ ultimate college plans. Enrollment is on a space available basis.

The Early Admission program provides educational opportunities for two categories of youth under 18 years of age.

1. Academically superior or vocationally gifted Early Admits are permitted to take one or two regular college courses during the summer following completion of their sophomore year, or during their junior or senior year, provided their high school approves and is able to make appropriate schedule adjustments. Besides the three required general admission documents, Early Admits applying under this category must submit a form 4140, Exceptions to Compulsory Education, issued by the Department of Education (DOE) that is signed by both a DOE representative and his/her parents.

2. Applicants who are officially released from high school and are under 18 years of age may be considered for early admission in courses or programs if the College determines that the student can benefit from its academic or vocational offerings. In addition to the three general admission documents, individuals in this category must also submit a written release by the District Superintendent or designee.

Health and Accident Insurance Requirement
Health Clearance - Both tuberculosis and measles (rubeola) clearance are required of all students and must be submitted prior to registration (see page 82).

Low cost health insurance is available to MCC students. All international students are encouraged to enroll in a health and accident insurance program prior to their arrival in the U.S. and must show proof of enrollment in an insurance plan before enrollment into courses.

In compliance with public health regulations, new students must show evidence that they are free of active tuberculosis and measles with admission application. The College complies with all applicable requirements of other state health agencies and councils as may be required by law or by rules and regulations.
Running Start Program

Running Start is a statewide program that provides an opportunity for academically qualified juniors and seniors to enroll in college classes through the University of Hawai‘i (UH) system as a part of their high school coursework. This unique partnership between the Department of Education and the University of Hawai‘i system allows public high school students to attend college classes during the fall, spring, and summer while earning high school and college credits. Currently, eight UH campuses participate in Running Start: UH Hilo and the seven community colleges: Hawai‘i CC, Honolulu CC, Kapiolani CC, Kauai CC, Leeward CC, Maui CC, and Windward CC.

International Student Applications

International applicants must comply with all regulations of the Immigration and Naturalization Service as well as with applicable policy of Board of Regents of the University of Hawai‘i and the policies of Maui Community College. For purposes of clarifying requirements for admission, international students who are not U.S. citizens and who have not been admitted to live in the U.S. permanently are designated as non-immigrants. The College is authorized under federal law to enroll non-immigrant alien students. Contact Admission & Records for rules and regulations and admission requirements. See page 60.

In addition to the two general admission documents required for all students, international students must:

- Complete the International Student Supplementary Information form. Current bank statements and financial aid award letters must accompany the Supplementary Information form. See www.hawaii.edu/academics/admissions/international.html
- Take the Test of English as a Foreign Language (TOEFL) if from a non-English speaking country and achieve a score of 450 (paper based test) or 133 (computer based test) minimum (subject to change; for most recent TOEFL requirements refer to MCC website). This test, developed and administered by the Educational Testing Service, is given at international testing centers.
- Have a doctor complete the confidential health form which presents evidence of good health, including a satisfactory chest x-ray taken within a three-month period prior to registration. In compliance with public health regulations, new students prior to enrollment must show evidence that they are free of active tuberculosis, and measles, mumps, and rubella. The College complies with all applicable requirements of other state health agencies and councils as may be required by law or by rules and regulations.
- Demonstrate proof of enrollment in a health and accident insurance plan before being permitted to enroll. The intent of this requirement is to protect international students against the high cost of unanticipated health care expenses resulting from accidents or illness. The average cost per year is approximately $500. More information is available from Admission & Records or Student Life (see pages 60 and 54).
- Submit a complete and certified English translation of your high school transcript.

Individuals from foreign countries who reside in the State of Hawai‘i and who wish to be accepted as students at the College (and who seek student visas) should obtain additional information from the Registrar’s Office.

For additional information, call 808 984-3517.

Arrangements for housing must be made prior to arrival.

For student housing information, see page 52.
Residency Regulations (condensed)

Students who do not qualify as bona fide residents of the State of Hawai‘i, according to the University of Hawai‘i rules and regulations in effect at the time they register, must pay the nonresident tuition. An official determination of residency status will be made prior to enrollment. Applicants may be required to provide documentation to verify residency status. Once classified as nonresidents, students continue to be so classified during their term at the College until they can present clear and convincing evidence to the residency officer that proves otherwise.

Some of the more pertinent University residency regulations follow. The complete rules and regulations are available at Admission & Records.

For additional information or interpretation, call the Registrar in Admission & Records at 808 984-3267.

Definition of Hawai‘i Residency

A student is deemed a resident of the State of Hawai‘i for tuition purposes if the student (19* or older) or the student (under 19*) and his/her parents or legal guardian have:

- Demonstrated intent to permanently reside in Hawai‘i (see below for evidences);
- Been physically present in Hawai‘i for the 12 consecutive months prior to the first day of instruction, and subsequent to the demonstration of intent to make Hawai‘i his/her legal residency; and
- The student, whether adult or minor, has not been claimed as a dependent for tax purposes for at least 12 consecutive months prior to the first day of instruction by his/her parents or legal guardians who are not legal residents of Hawai‘i.

*The age of majority is 18 years. However, a person between the ages of 18 and 19, unless emancipated, cannot claim residency solely on the basis of himself/herself because he/she does not have the minimum 12 months residency which commences on his/her 18th birthday. Therefore, the applicant must claim a portion of the required 12 months on the basis of his/her parent or legal guardian.

To demonstrate the intent to make Hawai‘i your legal residency, the following evidence apply:

- Filing Hawai‘i Resident State Personal Income Tax Return.
- Voting/registering to vote in the State of Hawai‘i.

Other evidence, such as permanent employment and ownership or continuous leasing of a dwelling in Hawai‘i, may apply, but no single act is sufficient to establish residency in the State of Hawai‘i.

Other legal factors involved in making a residency determination include:

- The 12 months of continuous residence in Hawai‘i shall begin on the date upon which the first overt action (see evidences) is taken to make Hawai‘i the permanent residence. Residence will be lost if it is interrupted during the 12 months immediately preceding the first day of instruction.
- Residency in Hawai‘i and residency in another place cannot be held simultaneously.
- Presence in Hawai‘i primarily to attend an institution of higher learning does not create residence status. A nonresident student enrolled for 6 credits or more during any term within the 12-month period is presumed to be in Hawai‘i primarily to attend college. Such periods of enrollment can not be applied toward the physical presence requirement.
- The residency of unmarried students who are minors follows that of the parents or of the legal guardian. Marriage emancipates a minor.
- Resident status, once acquired, will be lost by future voluntary action of the resident inconsistent with such status. However, Hawai‘i residency will not be lost solely because of absence from the State while a member of the United States Armed Forces, while engaged in navigation, or while a student at any institution of learning, provided that Hawai‘i is claimed and maintained as the person’s legal residence.

These considerations do not exhaust all the factors that affect the determination of residency. For information consult Rules and Regulations Governing Determination of Residency as Applied to Tuition Payments and Admission at All Institutions Under the Jurisdiction of the Board of Regents of the University of Hawai‘i.

Board of Regents Exemptions

Once classified as nonresident status, students continue in this status at the College until submitting satisfactory evidence to Admission & Records that proves otherwise.

The maximum number of nonresident students that can be accepted by the College is limited by Board of Regents policy. Students classified as nonresidents are required to pay nonresident tuition, unless exempted from paying such tuition through one of the statutory exemptions listed below:

1. Nonresidents may be allowed to pay resident tuition if they qualify as one of the following:
   - United States military personnel and their authorized dependents during the period such personnel are stationed in Hawai‘i on active duty.
   - Members of the Hawai‘i National Guard & Hawai‘i-Based Reserves.
   - Full-time employees of the University of Hawai‘i and their spouses and legal dependents (as defined under Internal Revenue Service rules.)
   - East-West Center student grantees pursuing baccalaureate or advanced degrees.
   - Hawaiians, descendents of the aboriginal peoples that inhabited the Hawaiian Islands and exercised sovereignty in the Hawaiian Islands in 1778.
2. Citizens of the an eligible Pacific Island district, commonwealth, territory, or insular jurisdiction, state, or nation which does not provide public institutions that grant baccalaureate degrees may be allowed to pay 150% of the resident tuition. At the time of publication, these included the following:

- American Samoa
- Commonwealth of the Northern Marianas
- Cook Islands
- Federated States of Micronesia
- Futuna
- Kiribati
- Nauru
- New Caledonia
- Niue
- Republic of Palau
- Republic of the Marshall Islands
- Solomon Islands
- Tokelau
- Tonga
- Tuvalu
- Vanuatu
- Wallis

This list is subject to change. For a current list, please contact the Admissions & Records office or visit www.hawaii.edu/academics/admissions

Misrepresentation

A student or prospective student who provides incorrect information on any form or document intended for use in determination of residency status for tuition purposes will be subject to the requirements and/or disciplinary measures provided for in the rules and regulations governing residency status.

Appeal Process

Residency decisions may be appealed by contacting the residency officer for information on how to initiate an appeal. Appeals are heard by the Committee on Resident Status only after the resident tuition is paid.

Refund Policy

Several refund policies are applicable:

1. **Regular Academic Semester**

   In the event students initiate before the fifth week of instruction a complete withdrawal from the University (or College), changes from full-time to part-time status, or changes from one tuition rate to another, if applicable, tuition and special course fees are refunded as indicated below:
   - 100% refund for complete withdrawal only if made before or during the first week of instruction as announced in the registration information booklet.
   - 50% refund if complete withdrawal or change in status or tuition rate is made within the second and third weeks of instruction, unless otherwise stipulated by federal regulations.

   When changes by the College to the published schedule of classes precipitate a complete withdrawal, or a change from full-time to part-time status, or a change from one tuition rate to another tuition rate, and the changes to the published schedule have occurred after the student registered, tuition and special course fees are refunded as indicated below upon approval of the Vice Chancellor of Academic Affairs or Vice Chancellor of Student Affairs:
   - 100% refund if complete withdrawal is necessary and if application for refund is made within two weeks of the date of change(s) to the published schedule.
   - The difference between the amount assessed at registration at the start of the semester and the amount assessed due to change in status or tuition rate if such a change is necessary and if application for refund is made within two weeks of the date of the change(s) to the published schedule.

   After students secure the required approvals, students must submit the application for refund to the campus Business Office for payment. In no case shall payment of a refund be made when a student fails to make application for a refund within two weeks of date of withdrawal, change in status, or change in tuition rate.

2. **Special Course Fees**

   For CCECS, Summer Session, and other short-term courses:
   - 100% refund for complete withdrawal if made on or before the last working day before the first day of instruction.
   - 50% refund in accordance with the following schedule, based on length of the course term and number of calendar days elapsed, including the first day of class instruction, when the withdrawal is made:

   For credit courses with unique distribution of class meeting hours through the term of the course, the refund schedule is based on the elapsed instructional time for that course as a percentage of the total instructional time for that course:
   - 100% refund for complete withdrawal if made on or before the last working day before the first day of instruction.
   - 50% refund in accordance with the schedule in the previous column, based on length of the course term and number of calendar days elapsed, including the first day of class instruction when the withdrawal is made.
For non-credit courses or workshops:
- One to five weeks in length - 100% refund for complete withdrawal if made on or before the last working day before the first day of class meeting; thereafter no refund.
- Six weeks or longer - 100% refund for complete withdrawal if made on or before the sixth working day after the first day of class instruction; thereafter no refund.

Refunds for financial aid students who withdraw completely or stop attending classes will be made in accordance with federal regulations.

3. Student Activity, BOSP Fees, Student Health Fees, and Student Technology Fee
- 100% refund of student activity fee, student health fee, board of student publications fee, and student technology fee if complete withdrawal is made within the first week of instruction.
- No refund of student activity, student health fees, board of student publications, and student technology fee if complete withdrawal is made after the first week of instruction.
- No refund of the student activity fee or student technology fee in cases of voluntary change from full-time to part-time status after the first week of instruction.

Employment of Graduates
Section 177.64 of Rules and Regulations Governing the Guaranteed Loan Program (20 U.S.C. 1071 through 1087-1) requires that participating institutions make a good faith effort to present prospective students, prior to the time they obligate themselves to pay tuition, with a complete and accurate statement about the institution, its current academic or training program, and its faculties and facilities, with particular emphasis on those programs in which the prospective students have expressed interest. Further, in the case of an institution having courses of study, the purpose of which is to prepare students for a particular vocational, trade, or career field, such statement shall include information regarding the employment of students enrolled in such courses, in such vocation, trade, or career field.
