NEW: ACCREDITATION: CONFIDENTIAL EMAIL ACCOUNT NOTIFICATION

We are hosting a site visit by the WASC Senior College and University Commission (WSCUC) on March 8th to the 10th in connection with our accreditation. In addition to open meetings, WSCUC has established a confidential email account to give everyone the opportunity to communicate with the team. The address is uhmc@wscuc.org – details below.

The account was created by a WSCUC staff member and only authorized WSCUC staff and team members have access to it; representatives of UHMC do not. This is an opportunity for informal, <u>confidential</u> input about your experiences. Students are encouraged to comment on issues of academic rigor and consistency, availability of support services, accuracy of information provided, and other matters related to the quality of the educational experience. The team is particularly interested in hearing from students enrolled in distance education courses and programs and from students at off-campus sites.

Please note that team members will <u>not</u> respond individually to comments and are not able to meet individually with members of the campus community, so please <u>do not</u> use the email account to request private appointments. To write to the WSCUC team,

please address your email to uhmc@wscuc.org. For information on the current UH Maui College accreditation process, please visit http://go.hawaii.edu/LvV or email Laura at llees@hawaii.edu

ACKNOWLEDGE KINDNESS WEEK 12

As our Culinary Arts Program faculty and staff "inspire their students and celebrate the diversity of food and cultures throughout the world," they are offering an opportunity to acknowledge the many kindnesses we see happening every day on our campus!

Nominate a college faculty, staff, or student you observe perform an act of kindness. They will be acknowledged for their kindness and eligible to be randomly selected to receive a delectable lunch from the Paniolo Grill.

Our very deserving winner in Week 12 is Kehau Newhouse, University Center/UHM Coordinator/Advisor who had 2 nominations!

Kehau Newhouse, UH Mānoa Transfer – When I initially came on campus and didn't know who to ask what, she was very very helpful in helping me understand the campus here and the larger UH campus and programs. Wow! That was a lot. She always continues to answer any question and her positive support and smile is always so welcoming!

Kehau is truly a team player. Her vision always includes her counterparts on Molokai and her kokua to go above and beyond displays her dedication and kindness. She jumped in to help us solve a problem and we appreciate her! (Theresa Tamanaha)

Also, acknowledged for their kindness are:

Lori Chiasson, English – Lori goes above and beyond to support the English

department and the BOSP. She's so thoughtful and always has a kind word, a good joke, and a jar of candy (da good kine) at the ready.

Van Ho, Nursing – Van supports the first year students and fellow faculty with a kindness and gentleness that promotes success in stressful situations. Her eyes are warm and her voice is soothing while giving specific and well organized directions. She easily laughs and gives even constructive criticism with full hopefulness and belief in the receiver's ultimate success. She is so empowering and KIND.

Thomas Hussey, Automotive Technology – Always willing to take the time to help keep the Security carts up and running. One of our carts had severely corroded electrical connections due to the recent rain, and although he was not at work at the time, he took time out to repair the problem immediately.

Jocelyn Watari, **Library** – She always goes above and beyond to help out the students, whether it be tech issues, library things, or just academic information. If a student has a question that she doesn't have the answer for, she will look it up and call other departments for the answer and then she will get back to the student. She keeps the library running:) (TT)

Jocelyn Watari, UHMC Library – She does everything she can to help out student as well fellow co-works without thinking twice and doesn't expect anything in return. WE LOVE having her here and she always brings up great ideas to help out students for the library feel more welcome. She's literally the reason why the library is running! (TTJ)

Joyce Yamada, Professional Development/Faculty – I am nominating Joyce because she does so much for our campus. Everyone knows who Joyce is and knows of her persistence and dedication. But more importantly, of her kindness and generosity. She has an awesome team, but she sets a good example as a leader who is all about team work and positive encouragement. I don't think "cannot" is a part of her vocabulary because she always has a "can do" attitude. She gets things done and works hard for our campus, for the faculty and for the staff. Thank you.

Mahalo, Lori, Van, Thomas, Kehau, Jocelyn and Joyce!
